Decision Support Page Help Document

Other Items Section:

After clicking one of the above images, your selection will open in a new window just below the **Other Items** menu.

Close / **Open** button appears once a page loads in the new window.

This allows you to toggle the window Open or Closed.

If the window is closed and you make another selection from the Other Items menu, then the window will toggle open automatically.

After clicking one of the above images, your selection will open up in a new web browser window.
